

Hedgehog Lacers

21st Annual Lace-In

September 8-9, 2018

The members of the Hedgehog Lace Guild invite you to attend our annual lace workshop. We have a wonderful group of teachers offering a variety of classes.

Classes

100 Chrysanthemum — All levels ~ Sylvia Fellows

Chrysanthemum Lace is a tape lace that has some elements resembling Brugges Lace. It is characterized by the "Split Spider" stitch on one side of each tape. The "petals" formed can look like a chrysanthemum flower, a popular motif in this lace. It uses, usually, only 8 pairs of bobbins or less.

101 Milanese Lace — All levels ~ Louise Colgan

Milanese Lace is characterized by special decorative stitches that become integral features of each design. The creative nature of this type of lace makes it suitable for both traditional and contemporary interpretation.

A variety of projects will be offered to cover all levels of Milanese techniques. Students will be given the option of using colored threads to make their own unique pieces from the selected patterns.

A solid foundation in basic Bobbin Lace skills is required. Diagram-reading skills are also recommended.

NOTE: Continuing "Louise" projects are also welcome.

102 Wire Lace Jewelry~ Belinda Belisle

Have you just wanted to explore a new medium—and end up with a piece of art you can wear? If so, this class is for you! Come learn a variety of techniques, including how to combine the skills of bobbin lacemaking and wire weaving to create a pendant you can wear Sunday evening. No special skills or tools required—you do not need to have experience with wire lacemaking.

Belinda Belisle has been a lacemaker for over 25 years and has been studying jewelry making and design for over 15 years. She is a fiber artist by training and applies her lace skills to jewelry making. She currently teaches jewelry making through the Osher Lifelong Learning program at California State University, Long Beach and holds private classes in her studio.

103 Bruges/Bedfordshire — All levels ~ Elizabeth Peterson

Bruges—This class will teach the basic skills for Bruges lace, including the basic tape, plaits and picots, several types of flowers, leaves and the scroll. Students will learn the traditional Belgian techniques as well as other methods to make the lace easier to tension. Continuing students will learn how to navigate the fillings and some additional Bruges techniques. This is a fun and traditional lace to make – come learn some new tricks to add to your lacemaking skills.

Bedfordshire—This course is an introduction to the basic techniques used in this traditional English lace. Students will learn plaits, picots, 9-pin edge, trails, bouncing plaits/leaves off the trail, crossings, beginnings, endings and the basic Beds leaf. Continuing students will learn more Beds techniques; adding and discarding pairs invisibly, the Beds “kiss,” raised and rolled tallies, and magic threads hints and tips. Come learn this exciting lace and its many techniques and you’ll love leaves when you leave

104 Binche — All levels ~ Kumiko Nakazaki (Japan)

Kumiko says she arrived in Brugge in 1989, where she studied lace at the Kantcentrum. She began to teach lacemaking after completing the Teachers’ Course. Kumiko is well known for her many pattern books in both Binche and Flanders and her successful teaching of bobbin lace.

Binche is a continuous lace with a variety of grounds and fillings. There will be a number of Binche original designs available to choose from after consultation with the teacher or patterns may be chosen from Kumiko’s book. Students preferring to work on designing Binche, should bring pencils, tracing paper, etc.

If your preference is for Flanders lace, Kumiko will gladly help you.
